

RESEARCH ASSOCIATION OF MASTERS OF ENGINEERING
INTERNATIONAL CONFERENCE ON RECENT ADVANCES IN
MECHANICAL ENGINEERING AND NANOMATERIALS

ICRAMEN-2024

16-17 MARCH 2024

LIST OF ACCEPTED PAPERS

Track 1 – Mechanical Engineering		
<i>Paper Id</i>	<i>Author(s)</i>	<i>Article title</i>
5	Ajinkya Edlabadkar, Dr. Sharad S.Chaudhari	Empirical Exploration of Optimal Gating System Design for Sand Casting Process
7	Ajinkya Edlabadkar, Dr. Sharad S.Chaudhari	Rolling Process Analysis of Working Rollers of Cold Rolling Mill Based on ANSYS
11	Rajeshwari Manoharan, Ragul S, Meganthan P	Temperature Management System of Lithium - Ion Battery with Nanofluid using Hexagon Structured Cooling Chamber
14	Bhanodaya Kiran Babu Nadikudi	Mechanical behaviour of Glass and Carbon fiber reinforced composites
15	Virendra Rajput, Rohit Soni, Dinesh Singh Yadav, Alok Agrawal, Mohammed Irfan Khan	Ranking of Epoxy/Kota stone Dust/Fly ash composite using integrated AHP-TOPSIS approach
16	Aparna Chavan, Mugdha Kshirsagar	A Bibliometric Analysis of Soil Stabilization Using Fiber
19	Ganesh H. Kawade, Dr. Atul V. Karnjkar, Dr. Kiran C. More	Waste Plastic Oil as a Source of Fuel for Diesel Engine: A Review
20	Madhusudhana Reddy H, Bhanodaya Kiran Babu Nadikudi, A. Balaraju	Study on Mechanical properties of hybrid fiber reinforced composites
27	Zerouki Marzak, Mohammed Hamour, Ould Ouali Mohand	Effect of orthotropy on the formability of a steel sheet
42	Amol Patil, Sarje Suhas	Development of 4D Printed Shape Memory Insoles to Lower Plantar Pressure in Diabetic Foot Ulcer Patients
46	D. V. Bhise, M. M. Sardeshmukh, S. A. Choudhari	Modeling of Drivers for the Implementation of Advanced Manufacturing Technology (AMT) in Small and Medium Sized Enterprises (SMEs)
47	Aboli Halwe-Pandharikar, Madhuri Chatur-Deokar, Rashi A. Yadav	Computational Fluid Dynamics Analysis of a Unique Biodiesel Production System based on Hydrodynamic Cavitations: Performance Evaluation

ICRAMEN-2024

16-17 MARCH 2024

LIST OF ACCEPTED PAPERS

Track 2 – Allied Engineering		
<i>Paper Id</i>	<i>Author(s)</i>	<i>Article title</i>
3	Kranthi ALLURI, Gopikrishnan S	Enhancing IoT Security: A Systematic Review of Multi-Factor Authentication Protocols and their Effectiveness
17	Marie Paulette ADON	Checklist of algae and their different applications
25	Upendra Falak, Sarvesh Patil, Atharva Bhoite, Divisha Gupta	Empowering Diversity in Organizational Dynamics: A Decision Support System for Enhanced Hiring Practices
26	Arpita Ghosh, Saptarshi Chakraborty	Logic Circuit Implementation with FinFET:A study
28	Buduru Dharani Kumar Reddy, Boddu Sandeep, Dr. E. Srividhya	Effective Detectable Approval Quest Framework for Secure Distributed storage
43	Viren Khanna, Deepak Sharma, Omkar Chugh, Devraj Kalyani	Sign Hand Gesture Recognition Using Machine Learning
44	Mahek Hotchandani, Chandni Jaisinghani, Rishita Khatri	Multiple Disease Prediction System Using Different Machine Learning Models
48	Bhavika Mistry, Nikhil Nasale, Aashish Patil	Health monitoring system of railway wheel using Artificial Intelligence
50	Aditya Kaldate	Finite Element Analysis of Airless Tyre with different grid structure
52	Sarang Medhi	Finite Element Analysis for Wear Failure of Railway Wheel
